WONDERING what to do with YOUR life?

NEED A LITTLE HELP DECIDING?

Make Alaska's Career Information System (AKCIS) your interactive, Web-based education and career planning resource.

AREN'T SURE WHAT YOUR CAREER GOALS ARE?

AKCIS contains interest assessments and interactive tools, along with searchable descriptions of nearly 500 occupations.

FIND THE RIGHT SCHOOL FOR YOU.

Customize your school search with AKCIS. It offers more than 4,000 accredited two- and four-year colleges, universities and technical schools in Alaska and nationwide.

AREN'T SURE HOW TO PAY FOR COLLEGE?

Create a customized list of scholarships, grants and loans matching your educational plans, abilities or background.

NEED A LITTLE HELP ON JOB SEARCH SKILLS?

AKCIS' tools and information assist you in your job search, including tips on completing applications, help with resumes, cover letters, and performing well in interviews.

Create an AKCIS personal portfolio to store assessment results, build a resume, and store sequenced, and education/career search results. Access your personal portfolio information 24/7.

Check out the “Real Life Interviews” to discover why various professionals chose their selected fields. Learn what they like most and least about their jobs.

Don't forget to do a “Reality Check” to help you understand what your target lifestyle will cost. Plan a monthly budget, and then find out what kind of careers provide the income needed to afford your future lifestyle.

AKCIS is a service to Alaskans made possible

through a partnership between the Alaska Commission on Postsecondary Education and the Alaska Department of Labor and Workforce Development.

Ask your teacher, school counselor, or career resource advisor about using AKCIS, or contact

AlaskAdvantage® Programs at (877) 269-7974 or akcis@alaska.gov for more information.

COLLEGE IN ALASKA YOUR CHOICE

Higher education, either college or vocational training, provides opportunities and choices that today's high school graduates may not have.

Does the thought of “cashing in” on immediate income with a job after graduation sound exciting? But will that job provide the kind of lifestyle you will want five to ten years from now? Will you be able to live in the house you want and drive the kind of car you'd like to be seen in? More importantly, will your mind be the kind of mind that is appealing to employers?

You may have heard this a million times: High school graduates today are unable to get the number of high-paying jobs that were once available to generations past. It's still true! The importance of a college education today can be compared to that of a high school education years ago. Higher education gives you better options and more opportunities.

Higher education will, more often than not, provide you with a greater promotion opportunity.

The choice is yours—

Whatever your preferences, you may not need to look

further than your home state to find a college or training program that's right for you. Alaska offers a powerful choice of opportunities for higher education.

Going to College in Alaska profiles accredited colleges, universities, and vocational schools to give you greater insight into academic and vocational opportunities and campus life right here in this great state.

Always keep your career goals in mind when considering colleges. The cost of higher education may be a consideration in your search, but keep in mind that college is a wise investment in your future. Statistics show that college graduates can expect to earn **at least \$1,000,000 more** in their lifetime than those without a degree. Did you know that tuition at many schools in Alaska is among the lowest in the nation? ACPE, Alaska's higher education agency also offers a variety of financial aid programs, including grants for needy students and very low cost student loans.

AFTER HIGH SCHOOL

In Alaska, students have access to a variety of postsecondary institutions that offer vocational programs, certificates, two-year degrees, four-year degrees, and graduate programs. Our institutions provide highly diverse programs of study designed to meet the individual needs of students as they prepare for future careers and Alaska's workforce demands.

Community Colleges

These schools usually serve city, borough, or region residents. They typically offer vocational certificates and associate's degrees and they have open admissions, meaning no entrance exams are required.

EXAMPLE: Ilisagvik College in Barrow provides postsecondary academic, vocational and technical education training in an environment designed to embrace Inupiat culture, language, values, and traditions and enable local residents to thrive and succeed.

Vocational Schools

Vocational schools offer career and technical training in a "hands on" environment.

EXAMPLE: Alaska Vocational Technical Center (AVTEC) in Seward is a public school within the Alaska Department of Labor and Workforce Development specializing in

CHOOSING A COLLEGE

CONSIDER:

- **Location** - Close or far from home?
- **Academic Strengths & Weaknesses** - Do you prefer "hands on" training or academic learning?
- **Classroom/Student body Size** - Large or small?
- **Costs**
- **Other Goals/Interests** - Do they offer extracurricular activities of interest?

job training for Alaskans entering the workforce or advancing in their current occupation.

A private vocational school is also referred to as proprietary school. These institutions are privately owned businesses.

EXAMPLE: Career Academy is an accredited private vocational school offering specific courses to meet the requirements of the growing tourism and hospitality industries.

Four-Year Colleges & Universities

These schools grant bachelor's degrees, also called the baccalaureate (Bachelor of Arts or Bachelor of Science). Many also offer vocational certificates, associate's and master's degrees.

EXAMPLE: University of Alaska Anchorage, University of Alaska Fairbanks, University of Alaska Southeast, Alaska Pacific University, Wayland Baptist, Charter College

APPLYING^{to} COLLEGE /TRAINING

Apply to the schools that best fit your interests and offer programs that match your goals. You can get applications by contacting the college or school or apply online through the school's web site.

You may be required to complete an application for each school in which you have an interest.

Tip! Your application will be your introduction to an institution, and you want to make a good impression. Make sure your forms are clean, neat and thoroughly completed. Make note of deadlines and submit your application well in advance. Proofread your application and your essay, if asked to submit one. Make a copy of your application and any attachments for your records. You may want to complete your application on blank paper first so you can make corrections before entering your information on the actual form.

GETTING ADMITTED

Institutions have admissions

requirements, which vary by school. To make an acceptance decision, institutions will carefully review the information you provide on your application and may require a personal interview.

College application forms may ask for:

- > personal information
- > educational experience
- > high school transcript
- > standardized test scores
- > class rank
- > letters of recommendation
- > awards and honors
- > extracurricular activities
- > work experience
- > essay, if needed

OPEN

ADMISSIONS

Many colleges and vocational schools have open admission policies. This means if you have a high school diploma or a general educational development certificate (GED), or if you

are at least 18 years old, you may qualify to begin taking classes without being admitted. Consult each school for specific admissions policies.

PAYING FOR EDUCATION

Student financial aid can help you reach your goals!

WHERE TO BEGIN:

Fill out a FAFSA (Free Application for Federal Student Aid) from the U.S. Department of Education. (www.fafsa.ed.gov) regardless of your family's income.

WHEN:

Beginning Jan 1 (or shortly after) of every year

WHY:

A FAFSA determines your eligibility for financial aid programs such as grants, scholarships, work-study, and loans.

- Grants and scholarships do not have to be paid back.
- Work-Study provides part-time jobs for students
- Student loans are borrowed money that must be paid back

HOW:

It's easy. Apply online at: www.fafsa.ed.gov. If you need one-on-one help, attend Alaska College Goal Sunday on January 31, 2010. For information on College Goal

Sunday locations visit alaskacollegegoalsunday.org.

THEN WHAT?

Shortly after submitting the FAFSA you will receive a Student Aid Report or SAR. The SAR details your family's eligibility for aid and your Expected Family Contribution toward your college expenses.

TYPES OF GRANTS:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG).
- Academic Competitiveness Grant (ACG)
- Science Mathematics Access to Retain Talent (SMART)
- Teacher Education Assistance for College and Higher Education (TEACH)
- AlaskAdvantage Education Grant

Award amounts for all grants are based on your eligibility and the cost of your school.

TIP

Every college you apply to will also have its own financial aid deadlines. Make sure you meet them. The FAFSA is a free application and you should not be charged a fee. If a fee is requested chances are you have logged on to the incorrect web address. Try again at www.fafsa.ed.gov.

If you think you will not be eligible for grants or work-study, it is still important to fill out a FAFSA to ensure that any loans you apply for are those with the lowest interest rates possible. If you need a loan, research your lender options to find the lowest interest rates and costs. Always choose a federally guaranteed loan over a private loan.

SCHOLARSHIPS:

Scholarships are usually awarded for academic achievement, talent, skill, community service, leadership, school activities, or your affiliation with a particular club or organization. Scholarships can be awarded by your school or college or by any organization sponsoring the scholarship. Be aware that many online scholarship search engines may try to charge you a fee. There is no need to pay a fee as there are several free searches available. For a free scholarship search try: www.fastweb.com.

TYPES OF LOANS:

> STUDENT

FEDERAL

- Perkins - Based on your need (Offered by participating schools)
- Stafford Subsidized - Based on need. The government pays the interest on this loan while you are in school.
- Stafford Unsubsidized - Not based on need. Any student can apply.

STATE

- AlaskAdvantage Federal Stafford (Subsidized or Unsubsidized). You get a lower costs on your Federal Stafford when you borrow from your Alaska Higher Education Agency.
- Alaska Supplemental Education Loan (ASEL)

SPECIALIZED ALASKA STATE LOANS

- Teacher Education Loan (TEL)
- A.W. Winn Brindle - Fisheries Loan
- Michael Murphy - Law Enforcement Loan

> PARENT AND FAMILY

- Federal - PLUS
- State - Alaska Family Education Loan (FEL)

ADDITIONAL SOURCES OF AID

- 529 UA College Savings Plan
- Personal savings
- Community and corporate grants and scholarships
- Service programs such as AmeriCorps, a domestic Peace Corps
- Employer-sponsored tuition assistance programs

There are also state and federal student assistance opportunities for military veterans, dependents of veterans who died or became disabled as a result of active duty, and dependents of military service personnel who were officially declared prisoners of war or missing in action. If you think you may be eligible, consult the veterans coordinator or financial aid office at your target institutions for more information.

ALASKA BIBLE COLLEGE

P.O. Box 289 | Glennallen, Alaska 99588

Explore His Word, Follow His Steps. Alaska Bible College offers a unique location for study. Class sizes are small so there is greater opportunity for more individualized instruction. At Alaska Bible College, we focus on teaching the Bible and applying it while building community relationships. While the environment is casual, students can expect academic standards as high or higher than other colleges, and ABC welcomes home-schooled students.

ALASKA CHRISTIAN COLLEGE

35109 Royal Place | Soldotna, Alaska 99669

Alaska Christian College prepares young people for whole-life discipleship. Our desire is to equip students to become all that God has created them to be and to provide them with the educational and life skills they need to be engaged citizens in their communities. This is accomplished through offering a Christ-centered and general studies education, with a culturally relevant community that cares for the individual needs of each student, while modeling Godly character in everyday living. Each student is encouraged toward a personal plan that promotes holistic lifestyles, education toward life goals, and service to God, church and others.

ACC offers a two-year program that introduces students to higher education and encourages students to pursue further education. Many of our students attend ACC to start their college education, while others come to grow in a supportive environment away from home. Students that come to ACC leave having made friendships with other classmates and staff that will last a lifetime.

ALASKA Campuses of Out-of-State Schools

Alaska's students may also choose to meet their education needs at an institution that has a main campus elsewhere but offers a local Alaska campus and program. These campuses and programs are often designed specifically to meet the needs of members of the military or working adult students.

Embry-Riddle Aeronautical University has two residential campuses in Daytona Beach, Florida and Prescott, Arizona. Wayland Baptist University's main campus is in Plainview, Texas, and Central Texas College's main campus is found in Killeen. All three colleges offer degree completion programs for transferring students.

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY - WORLDWIDE

Anchorage and Fairbanks campuses

If you have the ambition to continue your education, to strive for your goals, then nothing should stand in your way. That's why Embry-Riddle Aeronautical University - Worldwide has reached out around the world with more than 130 locations and across the Internet with online academic programs to give everyone the opportunity to receive an incredible education. With Embry-Riddle's Anchorage and Fairbanks locations, work responsibilities, family obligations, and transportation are no longer obstacles in fulfilling your dreams. We offer Bachelor's and Master's programs specializing in Management, Aviation Safety, Occupational Safety & Health and Logistics. The leaders of tomorrow are studying with Embry-Riddle today! To contact our Anchorage Campus, call (907) 753-9367 or email: anchorage.center@erau.edu. To contact our Fairbanks Campus, call (907) 356-7773 or email: fairbanks.center@erau.edu.

WAYLAND BAPTIST UNIVERSITY: A Degree of Difference

Anchorage campus and Anchorage and Fairbanks military campuses

When education is a priority, it's vital that you choose a university that is not only convenient but also provides challenging academic opportunities in an environment that encourages learning. At Wayland Baptist University, we offer more than just a diploma. Here, you'll find a faculty and staff who are eager to help you meet your career and educational goals and take a personal interest in your success. Our quar-

terly terms and evening and weekend classes are designed with the working adult in mind. Working toward a degree while maintaining a full-time job and other responsibilities is easier with Wayland's class schedules. WBU offers both undergraduate and graduate degree programs in class and online. Above all, you'll find yourself at home in Wayland's distinctively Christian environment, where you are valued as a part of the family. That's Wayland's Degree of Difference! In Anchorage, call (907) 333-2277. In Fairbanks, call (907) 377-4398.

CENTRAL TEXAS COLLEGE

Anchorage and Fairbanks military campuses

Central Texas College is a community college which began in Killeen, Texas in 1965. Central Texas College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees and certificates of completion. It serves military and civilian personnel throughout the world and has an open-door admission policy. Students enrolled in Central Texas College may select a degree plan from Associate of Arts, Associate of Science, Associate of Applied Science and Associate of General Studies. Programs vary from location to location. For complete information on programs offered at the Fort Richardson and Elmendorf AFB, Alaska sites, you may contact Margaret I. Pylant, Site Director at (907) 428-1317, or email us at central-texascollege@acsalaska.net. For more information on Fort Wainwright, contact Tamatha Zavodsky at (907) 356-3863. For information on Central Texas College's program worldwide, you may contact CTC at www.ctcd.edu.

The UA Scholars Program

Building Alaska's Future

Think you may be eligible for the scholarship? Contact your school counselor today!

Here is what some of our recent alumni have said of the Program and their experiences at the University of Alaska:

"I had opportunities I never imagined. It was a great foundation for my education."

"The UA Scholars Program was a great way to start my freshman year in college."

"I couldn't have accomplished a post-secondary education without this scholarship. It encouraged and motivated me to continue my education."

"It's a wonderful program that not only made it possible for me to go to college, but to do it debt free, so thanks!"

"I'd do it all over again if I had the chance."
